For water flow calculations/modeling in the City of Colorado Springs – Please contact:

www.csu.org

- Click on business tab in upper left corner
- Hover over doing business with us in Banner and click on "Development Services"
- Click on "Request a Fire Flow Report"
- Click on "Request a Fire Flow Report" again
- Follow instructions on form

ATTENTION: The Colorado Springs Utilities attempts to get all fire flow calculations completed as soon as possible, but you must understand it may take approximately 2-3 working days for the calculations to be processed.

¹ The gross square footage must include all floors, basement, garage, and covered decks

² A 50% water flow credit will be allowed for all fire sprinkled structures.

³ See Water Supplies for Commercial & Residential Fire Protection Packet.
